18th June 2026

Dear Student

Congratulations on finishing the GCSE exam season, and I hope you are enjoying a restful and productive summer following on from our Leavers' events on Thursday.

Plans for Results Day are as follows:-

When: **Thursday 20th August 2026**
Time: **9:00am**
Where: **Main Hall**

If you are unable to collect your results in person, they will be emailed to you from 11.00am onwards on results day. Also, around this time, the Education record App will be updated if your child has registered for this.

In your results envelope you will receive a letter giving you information of what to do next. Please read this letter carefully. The letter will tell you which table to go to so that a member of staff will help you confirm your plans for next year.

The letter colours will be as follows:

GREEN	PINK	BLUE
Your results are what you want and need to continue in your studies, so you just need to confirm your subjects before leaving. If you have changed your mind regarding one of your subjects due to your results, then please make sure you see a member of staff **BEFORE YOU LEAVE**. We cannot guarantee that there will be places available.	We need to meet with you before we can confirm your choice of subjects. Please discuss your choices with a member of the senior leadership team **BEFORE YOU LEAVE.** Please make sure that before you leave you have downloaded all the bridging summer work that you need to completed in preparation for your return in September	There are still places left in Post 16 at A Level and a pathway that's suitable to you. Please see a member of the Post 16 team at the PINK table **BEFORE YOU LEAVE.**

Olympus Academy Trust

Please make sure that you have the information of any bridging summer work that now needs to be completed in preparation for September		

Due to recent government changes to how GCSE results are issued, some students may receive their results online this year. If your child is planning to continue their studies into Post 16, it is important that they still come into school on Results Day, or contact the school directly if they are abroad, so that we can confirm their enrollment. Enrolment must be completed in person with staff, and we are unable to secure a place on any course until this has happened.

Please don't be too anxious about Results Day as we will do all we can to make sure your pathway for next year is appropriate for you. Enrolment Day for Post 16 is **Thursday 3rd September. This is a compulsory session** for all students wishing to return to Post 16. Timetables and bus timetables will be given during this session.

Friday 5th September will be a day for our students to tour the other centres in our partnership and familiarise themselves with the facilities and find their classrooms.

Teaching will begin officially on **Monday 7th September** and buses will run to the other sites.

Please also ensure that any **bursary application forms** are handed in on results day to ensure we can offer the support needed for you at the start of September. These will be given to our students during the taster day on **Friday 26th June.** The taster day will begin at 8:30am at the Engineering Centre.

Finally, in preparation for all the A-level courses, **summer work** has been set by all subject leaders. This is to give you a head start to the key skills required during their course of study. This is a compulsory piece of work that can be found on the Olympus website, under the post 16 bridging work tab. There is an expectation that this is completed for all subjects by their first lesson. More information about this will be shared in more detail on the taster day.

Yours sincerely

Mr James Sisson
RSL Y11
